The Board announced that, on 29 April 2022 (after trading hours), Qujing Yangguang, a subsidiary of the Company, entered into the Service Agreement, pursuant to which Guotai Junan has agreed to place, on a best-effort basis, up to 27,138,643 Qujing Shares to Investors and the amount of proceeds to be raised from the Capital Injection will be no more than RMB460,000,000. Assuming the New Shares are fully placed in accordance with the Service Agreement, the registered capital of Qujing Yangguang will be increased by a maximum of approximately RMB27,138,643 from approximately RMB136,870,000 to approximately RMB164,008,643. The amount of RMB432,861,357, being the capital contribution in excess of the newly increased registered capital under the Capital Injection, will be credited as capital reserves of Qujing Yangguang.

## LISTING RULES IMPLICATIONS

As Jinzhou Yangguang, being a wholly-owned subsidiary of the Company, will not participate in the Capital Injection, assuming the New Shares are fully placed in accordance with the Service Agreement, based on the maximum number of 27,138,643 Qujing Shares to be placed under the Capital Injection, the percentage of the Group's shareholding interest in Qujing Yangguang will reduce from approximately 53.70% to 44.81% following completion of the Capital Injection. Such reduction of the Group's shareholding interest in Qujing Yangguang constitutes a deemed disposal by Jinzhou Yangguang under Rule 14.29 of the Listing Rules. As the highest applicable percentage ratio for the Capital Injection exceeds 25% but is below 75%, the Deemed Disposal constitutes a major transaction of the Company and is subject to the notification, announcement, circular and shareholders' approval requirements under Chapter 14 of the Listing Rules.

The Company will convene an extraordinary general meeting for the Shareholders to consider and, if thought fit, approve the Service Agreement and the Capital Injection. A circular containing (i) further details of the Service Agreement and the Capital Injection; (ii) other information as required under the Listing Rules; and (iii) a notice of the extraordinary general meeting will be despatched to Shareholders on or before 17 May 2022.

**The Service Agreement and the Capital Injection are subject to the fulfilment of the conditions precedent set out in this announcement. As the Service Agreement and the Capital Injection may or may not proceed, Shareholders and potential investors are reminded to exercise caution when dealing in the Shares of the Company.**

## I. INTRODUCTION

The Board announced that, on 29 April 2022 (after trading hours), Qujing Yangguang, a subsidiary of the Company, entered into the Service Agreement, pursuant to which Guotai Junan has agreed to place, on a best-effort basis, up to 27,138,643 Qujing Shares to Investors and the amount of proceeds to be raised from the Capital Injection will be no more than RMB460,000,000. ## **VII. REASONS FOR AND BENEFITS OF THE CAPITAL INJECTION**

Pursuant to the equity transfer agreement entered into between Qujing Yangguang and Solargiga Energy (Hong Kong) Company Limited (a wholly-owned subsidiary of the Company as at the date of this announcement) on 25 February 2022, Qujing Yangguang had agreed to acquire the entire equity interest in Jinzhou Youhua at the total consideration of approximately RMB227,369,000, which shall be settled on or before 30 June 2022 (the “**Acquisition**”). The Capital Injection would provide Qujing Yangguang with the funds for settling the consideration for the Acquisition. For further details of the Acquisition, please refer to the announcement of the Company dated 25 February 2022.

Moreover, the Capital Injection would (i) enable Qujing Yangguang to improve its production capacity of monocrystalline silicon ingots and wafers by the acquisition of fixed assets; (ii) enhance the capital strength of Qujing Yangguang, hence improving Qujing Yangguang’s core competitiveness and realisation of its strategic goals; and (iii) effectively improve the gearing ratio of Qujing Yangguang, optimise its capital structure, lower its financial risks, enhance its financing capability in the future and provide strong working capital support for its operations and development to meet the requirements of its business growth. The core competitiveness of Qujing Yangguang and its ability to withstand the risks of macro-economic volatility will also be enhanced, which will facilitate its healthy and sustainable development.

Furthermore, through the introduction of the Investors, the Capital Injection would enable Qujing Yangguang to further optimise its shareholding structure. As Jinzhou Yangguang, being a wholly-owned subsidiary of the Company, will not participate in the Capital Injection and Qujing Yangguang will remain as a subsidiary of the Company after completion of the Capital Injection, the Company will continue to benefit from the future growth and development of Qujing Yangguang following the completion of the Capital Injection.

As at the date of this announcement, Ms. Feng Wenli, an independent non-executive Director, was interested in approximately 1.30% shareholding in Qujing Tenghui, which is a shareholder of approximately 3.74% shareholding interest in Qujing Yangguang. For the avoidance of any conflict of interest, Ms. Feng Wenli has abstained from voting at the meeting of the Board in relation to the Service Agreement, the Capital Injection and the transactions contemplated thereunder. Save as disclosed above, no Directors have material interest in the relevant transaction or are required to abstain from voting on the relevant resolution of the Board.
