As a result of the Share Transfer, the Company will be able to consolidate its shareholding control by becoming the sole shareholder and enjoy greater flexibility in formulating business strategy for potential further expansion, resulting in the increase in value of the financial services to be provided.

The Directors (including the independent non-executive Directors) are of the view that terms of the Share Transfer Agreement and the transactions contemplated thereunder are on normal commercial terms and are fair and reasonable, and the entering into of the Share Transfer Agreement and the transactions contemplated thereunder are conducted in the ordinary and usual course of business of the Group and in the interests of the Company and its Shareholders as a whole.
