According to the Valuation Report of Gaoxiao Taxi prepared by the Appraiser using the asset-based approach, the entire shareholders' equity of Gaoxiao Taxi was valued at approximately RMB25,838,200 as at 30 June 2019.

The primary reason for the significant premium of the appraised value of Gaoxiao Taxi over the book value of its net assets is that: as at the valuation benchmark date, the book value and appraised value of the intangible assets of Gaoxiao Taxi are nil and RMB19,710,000, respectively, representing an increment of RMB19,710,000. IV. REASONS FOR AND BENEFITS OF ENTERING INTO THE ASSET AND EQUITY TRANSACTION CONTRACT

The Board (including the independent non-executive Directors) is of the view that the terms of the Asset and Equity Transaction Contract (including the consideration) are fair and reasonable and based on normal commercial terms, and are in the interest of the Company and its shareholders as a whole, but the transaction is not conducted in the ordinary and usual course of business of the Group due to its nature.
