The board of directors (the “**Board**”) of Tsit Wing International Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) wishes to inform the shareholders and potential investors of the Company that based on the unaudited consolidated management accounts of the Group for the year ended 31 December 2018, the Group is expected to record an increase of approximately 50% to 60% in net profit attributable to owners of the parent over that of the previous year. The increase was primarily attributable to the increase in sales in Mainland China in beverage solutions segment and decrease in administrative expenses as less listing expenses were recognised for the year ended 31 December 2018 as compared to that for the year ended 31 December 2017. It should be noted that this represents an increase of approximately 10% to 15% in adjusted profit attributable to owners of the parent ^(Note) for the year ended 31 December 2018 as compared to that for the year ended 31 December 2017.

Note: Adjusted profit for the year attributable to owners of the parent is a non-HKFRS financial measurement which, in the opinion of the Directors, eliminates the effect of a number of non-recurring income, costs and charges and certain of other non-cash charges that affect our reported profit attributable to owners of the parent, including (i) Listing-related expenses; (ii) share-based payment expense relating to the Pre-IPO Share Option Scheme; (iii) consultancy fee incurred for change in the nature of land use rights and formation of development plan of a piece of land in Dongguan; and (iv) interest income earned from the ultimate holding company, and excluding any tax effects related to the preceding judgements.
