REASONS FOR THE ACQUISITION

The Group is principally engaged in the business of garment manufacturing for export and retailing branded fashion and apparel items in the PRC.

The Directors intend to occupy the Property as one of the office premises for the Group. The Directors consider that the Acquisition will benefit the Group by (a) enhancing the Group's fixed asset base; and (b) allowing the Group to save office rental expenses.

The consideration for the Acquisition was determined after arm's length negotiations between the Purchaser and the Vendor with reference to the market value of similar properties in similar locations.

The Acquisition will be funded by a combination of internal resources of the Group and banking facility.

The Directors (including the independent non-executive Directors) are of the view that the terms of acquisition in the Provisional Agreement including the consideration are on normal commercial terms, and are fair and reasonable and in the interests of the Company and shareholders of the Company as a whole.
